METHOD[®]

RACE WHEELS

Why Choose Method?

Choosing the right wheels for your vehicle is more than just a matter of aesthetics. Correctly load-rated wheels are essential for safety, legal compliance, performance, durability, and maintaining your vehicle's warranty and insurance coverage. Whether you're cruising down the highway, tackling rugged off-road tracks, or towing heavy loads, correctly load-rated wheels ensure you can do it all with confidence. To put your mind at ease, all of our wheels are tested on 37" tyres for real world use.

With our race, engineering and technology driven approach, it's no coincidence "race" is our middle name. With style and technology for whatever your passion is, Method Race Wheels has you covered.

Find your
Method Race Wheel

More **support** to help you go the distance

More tyres for more vehicles: **truck & bus, farm & tractor, ATV, earthmover & more**

Call 1800 667 668 or visit your local **Tyres & More** store for expert advice on our commercial range of tyres.

From freight to fresh milk, trucks move Australia and Tyres & More supports truckies and commercial fleets to keep their trucks moving.

Wherever the road takes you, we've got you covered with tyres, service and support. That's why we're trusted by fleets, councils and logistics operators nationwide.

Enquire Now

Commercial truck & bus tyres

We've got more tyres for more applications to suit every budget. Choose from trusted global brands built tough for Aussie conditions, all backed by manufacturer warranties.

Steer, drive, trailer or all-position, we'll match the right tyre to your road, load and more.

Enquire Now

Truck tyre emergency breakdown service

Tyre blown out? Remote road? We've got you.

Through the Yokohama Emergency Services (YES) program we provide 24/7, 365 days a year national coverage, delivering safety, reliability and convenience for fleet customers. Wherever the job takes you, just call and we'll get you back on the road - fast.

Enquire Now

Truck tyre fleet monitoring services

We're all about getting you more Km's for your coin. Our goal is to give you the best Cost Per Kilometre tyre performance.

Our team helps you boost tyre life, manage pressures, rotate correctly and keep your fleet rolling efficiently.

We'll also match the best tread patterns to suit your fleet, for more value, more drive time and more performance where it counts.

Enquire Now

For more info about our commercial tyres call 1800 667 668

TYRES & MORE

More **support** from paddock to pavement

More **farm tyre products**, more advice, more ways to keep your farm rolling

Call 1800 667 668 or visit your local Tyres & More store for expert advice on our agricultural range of tyres.

Today's farming equipment is bigger, heavier and more advanced, so your agricultural tyres need to do more than ever.

At Tyres & More we understand how the right tractor tyres impact soil compaction, fuel efficiency, traction and comfort.

From crop type to terrain, we'll help match the tyre to your needs for more productivity and less downtime.

Agricultural tractor tyres

We've got more ag tyres for more terrain, built for the demands of Aussie farming. From paddocks to pastures, our range suits all budgets and includes trusted global brands, all back by manufacturer warranties.

Front, rear, row crop, flotation - we'll match the tyre to your land, load and more.

On-farm field tyre service

Puncture in the paddock?
Stuck in the shed?

We've got more support where it counts. With our on-farm field tyre service, we come to you, saving time, hassle and money. Wherever you are, just call and we'll get you back working the land - fast, reliable and ready to roll.

ATV, mower & golf tyres

From lawns to farms and everything in between our range of ATV, mower and golf tyres are built to handle it all, keep you in control and stay productive.

We offer options to suit every budget from trusted brands built for durability and performance. Whether you're maintaining a golf course, tackling large acreage or navigating rugged farm terrain we've got the right tyre for the job.
